

TOWN OF PRESTON

Parks & Recreation Department

Science/Art Instructor

The purpose of this position is to plan and lead hands-on science and art activities for youth and families. Responsibilities will include preparing materials, setting up and cleaning program spaces, and actively instructing participants in a safe, engaging environment.

The hours for this position vary by program availability.

Applicants must have or be willing to obtain CPR/first aid certification. The qualifications required would generally be acquired with a high school degree and at least 2 years experience working with children in a science/art-based setting; or any equivalent combination of education, training and work experience. Must have a demonstrated interest and some expertise in the field of Science, Art, or related field. The pay rate for this position is between \$50 to \$60 **per class**, based on experience.

Please submit an **application and resume** via email to the Preston Parks, Recreation, and Youth Services Department at: msimmons@preston-ct.org. **Employment Application**. Applications will be received until the position is filled.
