# ABOUT US

The Preston Parks, Recreation, and Youth Services Department is dedicated to the enhancement of our community, through the development, planning, and maintenance of public parks, as well as the organization of community event, recreation, and Youth Service activities.

We as a department annually organize various after school activities, adult fitness and wellness classes, senior activities and outings, Summer Camp for grades K-8, seasonal community events, and various sports leagues for both youth and adults.

In order to continue our offering, we occasionally rely on the support of our sponsors. We appreciate and value the business partnerships that we've grown and maintained over the years, and make sure to carry out all that we offer through our sponsorship opportunities.

Our sponsorship program has been designed to not only develop and strengthen our programs and events for the community, but also support our local businesses. As such, our sponsorship opportunities will provide your business with a chance to brand yourself to the community while supporting it at the same time!

## Preston Community Park Event Impact Report Event Dates: August 7–9, 2025

---

### 1. Attendance Surge

- Typical Weekend Baseline: 500–1,000 visits per weekend in late July/early August.
- Event Weekend (Aug 7–9):
  - Thursday: 1,800 visits
  - Friday: 4,300 visits
  - Saturday: 3,700 visits
  - Total: ~9,900 visits (10–20x higher than a normal summer weekend).

This represents a transformative increase in foot traffic, proving the event's ability to drive extraordinary attendance and visibility for Preston.

---

### 2. Visitor Journey Insights

- Arrival Patterns:
  - 71.8% of visitors came directly from home (slightly higher than typical).
  - A smaller proportion arrived from work, gas stations, or fast food stops.
- Post-Event Behavior:
  - Only 60.8% went directly home, lower than the 67.8% typical weekend rate.
  - Dining increased to 12.2% of post-event activity, compared to 7.9% normally,

---

## 5. Strategic Takeaways

1. Massive Success in Attendance: Nearly 10,000 visits over the weekend — a 10–20x uplift compared to typical summer weekends.
2. Regional Visibility: Trade area nearly tripled in size, proving Preston can attract a much wider audience than usual.
3. Economic Spillover: Dining and retail spending increased, but much of it occurred outside Preston due to limited immediate amenities.
4. Opportunity: Future events could be paired with temporary food vendors, pop-up dining, or partnerships with local restaurants to capture more on-site spending.
5. Tourism Development: Strong crossover with casinos, shopping centers, and attractions suggests events can anchor regional tourism itineraries, positioning Preston as more than a local stop.

---

## Conclusion:

The August 7–9 event was a major success for Preston — turnout was outstanding, the event attracted visitors from much farther away than usual, and it clearly boosted local activity. Looking ahead, Preston has a strong opportunity to keep more of that momentum (and spending) within town by adding food options and forming partnerships with local businesses.
